Some say

**D                    A                    G                    A7                    D**  
love it is a / river That / drowns    the tender / reed Some say  
**D                    A                    G                    A7                    D**  
love it is a / razor That / leaves    your soul to / bleed Some say  
**Dmaj7            G                    Em                    A7**  
love it is a / hunger An / endless aching / need I say  
**D                    A                    G                    A7                    D**  
love it is a / flower And / you        it's only / seed

It's the heart afraid of breaking  
That never learns to dance  
It's the dream afraid of waking that never takes the chance  
It's the one who won't be taken  
Who cannot seem to give  
And the soul afraid of dying that never learns to live

When the night has been too lonely  
And the road has been too long  
And you think that love is only  
For the lucky and the strong  
Just remember in the winter far beneath the bitter snows  
Lies the seed  
That with the sun's love  
In the spring  
Becomes the rose
